## PUBLIC CLEANSING

Weekly collection of refuse from almost all dwelling houses continued during the year.

Outlying premises and many isolated farms are served fortnightly, monthly, or by mutual agreement.

Three Karrier "Fore and Aft" tipping vehicles and a staff of 15 men are used for collection and a fourth vehicle is held in reserve. Two additional men are employed as holiday and sickness relief.

Owing to the increase in bulk of domestic refuse an order was placed for a new "Compression" vehicle.

## REFUSE DISPOSAL

Aireyholme Quarry was used as a refuse tip during the year. Fortunately, a substantial amount of soil was available and from late spring until winter, refuse was covered on most occasions.

## SPECIAL COLLECTIONS OF REFUSE

This service to shops etc. was continued during the year at a charge of 5np per bin.

## SLAUGHTERHOUSES:

The Council continue to lease the other five premises (one at each of the following villages)—Stokesley, Great Ayton, Ingleby Greenhow, Hutton Rudby and Ingleby Arncliffe and operate these as public slaughterhouses.

The five premises are registered with the Meat and Livestock Commission and a levy of 20np per head for cattle, 5np for calves, 9np for pigs and 1½np for sheep has to be paid to the Commission. The cost of the levy is recovered from individual butchers.

## MEAT INSPECTION:

The Inspectors continued to meet the requirements of individual butchers and maintain 100% inspection by working outside normal working hours, particularly on Bank Holidays.

Fees for inspection and marking continued at the rate of 12½np per head for cattle, 4np for calves and pigs and 2½np for sheep.

The number of animals slaughtered and inspected in the slaughterhouses since 1954 is as follows:
